

International Conference

THE MICROBIOME THROUGHOUT LIFE

Translating new science into clinical practice

19 - 21 March 2026 – Belgrade, Serbia

LEON MIJIĆ

Leon Mijić is a 2nd year Ph.D. student from the University of Birmingham (UK) working as a part of the Hall Lab led by Prof. Lindsay J. Hall. He received his Master's in Microbial Genomics from the University of Birmingham (UK) and Bachelor's in Microbiology from Aberystwyth University (UK). His work focuses on the early life gut microbiome in low- and middle-income countries (LMICs) and the interplay between health, nutrition and the microbiome. The goal of his work is to investigate key knowledge gaps about the early life microbiome in LMICs and its development. Leon's expertise lies in computational analysis of metagenomic data from the gut microbiome.
